

VANCOUVER COLLEGE

1925

CONDUCTED BY THE
CHRISTIAN BROTHERS OF IRELAND

Office Copy

VANCOUVER COLLEGE

CONDUCTED BY THE
CHRISTIAN BROTHERS

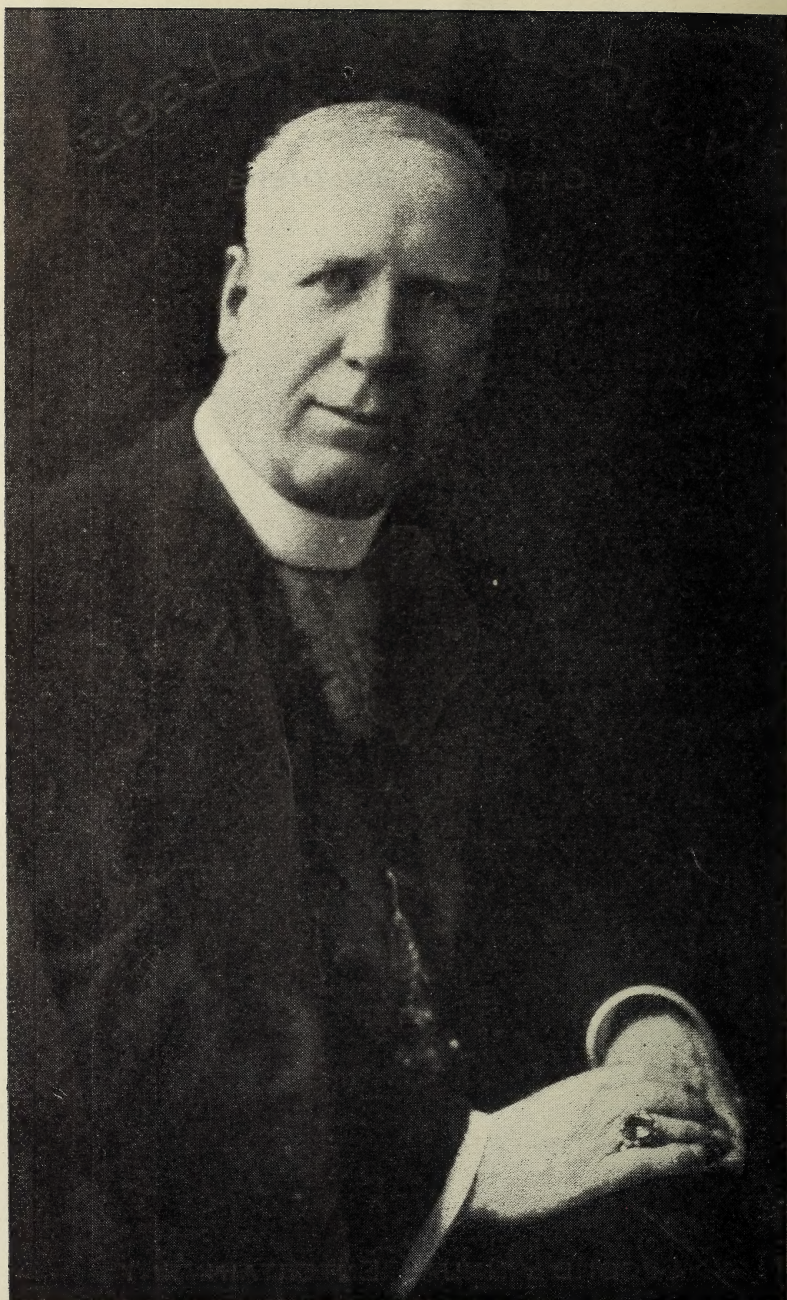

UNDER THE PATRONAGE OF
HIS GRACE THE ARCHBISHOP

SECOND ANNUAL ENTERTAINMENT
AND

DRAMATIC PRESENTATION

ORPHEUM THEATRE
EASTER MONDAY NIGHT, 1925

Most Reverend Timothy Casey, D.D., Archbishop of Vancouver.

Foreword

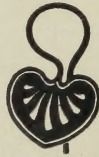

The School is pleased to be able to extend to its many friends a most cordial reception, on this the occasion of its Second Annual Concert and Dramatic Presentation. Conscious that it greatly interests all friends of education to see the child gradually revealing his personality in exercises both pleasant and agreeable, the School rejoices in being able, under worthy circumstances, to afford so many an opportunity to witness the progress made in ways that tend towards manliness and culture.

For favors received during the year, and in connection with this Entertainment, the School feels deeply indebted. To each benefactor it extends most sincere thanks, and in so doing is but once more forced to acknowledge its inability to express the depths of its gratitude and appreciation now and for all time.

VANCOUVER COLLEGE JUNIOR ATHLETIC ASSOCIATION.

Few things in school life are more conducive to the development of that manly character so necessary in the boy, than properly organised sport. Colleges, the world over, have already demonstrated the educational value of the athletic element. It is the aim of the school to foster and encourage all kinds of healthy recreation among the boys, therefore one of the stones in the foundation of a permanent athletic association has been laid during the year in the formation of the college football league for its junior students.

This league, composed of the five teams pictured above, began its schedule of twenty games in September and after a very successful season ended before the Christmas recess. The five teams stood in the following order at the end of the season.

Warriors	10 points
Columbians	9 points
Standards	9 points
Heroes	7 points
Stars	5 points

A beautiful set of silver medals, presented by the College did much to maintain great emulation among the various teams. Very keen competition existed throughout the season as may be seen from the standing of the teams at the close of the series. A weekly bulletin containing the results and a short account of the games helped to arouse great enthusiasm throughout the school.

Owing to lack of accommodation basketball games were not found feasible this year. With the return of spring the association will resume its activities and competitions will take place in handball, tennis and baseball. Definite plans are now under way to ensure the success of the association for the 1925-1926 season. This success will be without impediment on the new campus of six and a half acres with its gym, handball and tennis courts, running track and ball field.

VANCOUVER COLLEGE ORCHESTRA

MUSIC IN THE SCHOOL

It is a source of great pleasure to find a love of music still increasing its hold upon the students. That fact stands for increased pleasure in their lives. That music is to be judged of greater worth than a mere furnisher of pleasure is affirmed by Aristotle who deemed music an essential part of education. Even Socrates stood with youthful pupils in order to attain knowledge of its principles.

The Orchestra at present has forty-five members. The instruments range from xylophone to traps, brass, reed and string instruments, all join in pleasing harmony. The orchestra is under the splendid direction of the Talbot Studio. In time the School hopes to be able to esteem its orchestra one of the best in the city.

CONFIRMATION CLASS

Christian Doctrine and Moral Instruction in the School

Perhaps the most important feature of the Catholic School is its privilege to unfold to its students the doctrine of the Catholic Church, the beauty of the Church's liturgy, and the value and meaning of the Church's ceremonies. To give sound moral advice, so necessary for those who will soon be in the midst of wordly snares and difficulties, and to extend by its encouragement and vision greater hopes and a finer ambition is the finest heritage of a Catholic teacher. To this task the College sets itself daily when for one half hour all secular studies cease.

Moral training is just as important for the student of the fourth grade as for the matriculation student. If the seeds be not planted in the early season they may never reach their maturity before the chilling blasts of winter destroy their tender growths. With proper home training and religious guidance in the schools the child ought to be the best of his kind. When faults appear, as they will, there is every hope that the Catholic teacher will eradicate the difficiency and substitute a virtue in the the place of every eradicated vice. For this the teacher is trained and to this high purpose does he devote his life. For him the greatest joy is the knowledge that by his sacrifices, patience, ability, and personal sanctity, he has prepared a being to fill worthily and holily the niche which God has set apart for him and for him alone.

PROMPT DELIVERY

Time and Tide

.....

The teacher must lie in wait for practical opportunities to benefit his pupils and be prompt to seize them as they pass, thus at one operation he gets his pupils to think, to feel, and to do. From this we may learn how so much good advice and instruction are wasted—they do not result in conduct whilst the will is moved. Moreover, we see religious and moral education is not merely the work of the instruction half hour. Every lesson and movement and game may be and should be made to contribute its quota to the desired effect.

With many, it happens that in early life they intend to give time to poetry, art, music, and religion, but when middle age approaches they find little accomplished along these lines. The tide was not taken on the full, they did not begin when the smiling possibilities were before them, they postponed them from day to day till interest in them atrophied and died. We forget that any good worth accomplishing must be paid for by daily effort. According as a function receives daily exercise or not a man becomes a different being in later life.

Accomplished Hindu visitors to America were impressed by the anxiety and restless attitude of the Americans. Every Hindu child is trained in daily exercise of silence and mediation. Thus he acquires physical repose and lack of tension. Thus we can account for the smoothness and calmness of the facial expression of Orientals.

.....

Knights of Columbus Scholarship

.....

The Knights of Columbus of the Vancouver Council unanimously decided to grant two annual scholarships to be held at Vancouver College.

The scholarships are open to all Catholic boys of Greater Vancouver who are at present in Entrance Classes. It is, however, the intention of the Knights that the scholarships would be particularly helpful to those who might not have been otherwise able to select Vancouver College as the school in which to pursue their High School course.

The scholastic standing of those desiring to compete for the scholarships will be determined by the results of the Provincial Examinations to be held in June. Public School boys who are desirous of availing themselves of the scholarships will note that the passing the Entrance Examinations by recommendation will not be sufficient for the purpose of the competition. The scholarships will be awarded only to those students who, having taken the Provincial Examination attain the highest averages among those whose applications have been received and accepted by the Scholarship Committee.

The personal application of the student must be received not later than June 26. Each applicant must forward with his personal application letters of recommendation from the principal of the latest school attended and from the Pastor of the Parish in which he resides.

The winner of the scholarships will be entitled to a free High School education at Vancouver College. To continue to enjoy the privilege, however, a high average must be maintained throughout the course.

All applications must be addressed to the Principal of Vancouver College, 1112 Broughton Street, City.

When?

When a man's property is damaged by fire he asks himself two questions:

First—Is my insurance good?

Second—When can I get the money?

If he has one of our insurance policies, the first question need cause him no worry, for that policy is backed by many millions and a reputation for "square dealing."

The second can be answered in one word—immediately.

The insurance company pays cash without discount directly upon the adjustment of any honest loss.

Elocution and Debate.

Every boy has a decided diffidence as to his ability to carry on successfully any continuous effort in more formal public speaking. It is in overcoming this diffidence that the teacher of public speaking achieves most for the boy, and not till he has overcome his sense of deficiency may any boy be considered on the road to success in declamation or debate. The School insists that every boy who reaches high school standard shall take his place upon the stage in public debate. To facilitate this, debates are conducted regularly on each Friday afternoon during the Fall Term. The Junior debate this year gave ample proof of progress made, and allows the School to hope for great success in its future senior debates.

Elocutionary efforts are encouraged by entertainments from time to time. The entire School assists at these and the gatherings are pleasant and profitable.

Formal Opening of New School

Boarding Facilities

Play Grounds

It is with a great sense of pleasure that this advance announcement is being made in relation to the opportunity which the College will extend to boarding students next September. Owing, however, to the condition of the grounds surrounding the new School and because it is most desirable to have all external facilities for exercise available to the students, the formal opening of the school has been delayed. In a short period the grounds will be fully planted and hand ball alleys, tennis courts and running track will be ready for use at as early a date as possible.

The Boarding School and Brothers' Residence will soon be under construction and will be ready for occupation before September. As not more than fifty boarders will be admitted during the coming year early applications will receive consideration. A little later in the season and in connection with the Closing Exercises an Annual will be published with full information as to courses, date of opening, etc. Applications may be sent to, Principal, Vancouver College, 1112 Broughton Street, Vancouver.

"Kennedy's Tonic Port Wine"

As a Spring Tonic and Appetizer, Kennedy's Tonic Port effects are wonderously pleasing and natural. A few days use of this Tonic will suffice to increase weight, strengthen the resistive power and ward off disease.

Kennedy's Tonic Port is superior to other imported wine selling at higher prices. Its taste is not disagreeable, and ladies and children take it with pleasure; it is eminently a family wine.

On sale at Liquor Stores for \$1.25 per bottle.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of this Province.

FRANK SLOWIN

EXCLUSIVE TAILOR

Suite 1, 606 Dominion Bldg.,
207 Hastings Street W.
Vancouver, B. C.

March 10th, 1925.

Now that Spring suitings are here, Frank Slowin seeks the honor of expressing your individualism.

The Spring trend shows a roomy appearance in Clothes by Frank Slowin, which dignifies and modernizes your appearance.

A coat with straighter lines; broader shoulder and lapel, and you will find a much wider trouser.

But . . . you will NOT find baggy (pardon the word) sloppy clothes . . . excused as "English" . . . on the distinguished clientele of Frank Slowin any more than you will find them on the true bred English gentleman . . . There is a vast and subtle difference.

FRANK SLOWIN,
Exclusive Tailor.

ACTION SONG.

A School to Make Men

The School holds ideals up to its students, and it will be its highest enterprise to inspire all to reach them. It will endeavor to educate the whole child. Nothing will be neglected which will aid in the production of a fine gentleman. It will be the School's glory to produce men worthy of the best Catholic traditions, and citizens ambitious of the welfare of the State. The boy will be led to realize his place in life, his opportunities for service, and the dangers which will threaten him. He will be shown how to equip himself physically, intellectually and spiritually for the great battlefield of life.

In view of its great responsibility the School grasps every opportunity to reveal the child to himself, to make him realize the beautiful statue that is hidden in the roughest block of marble. Every tool will be employed which may be laudibly used towards the proper cultivation of the child's soul, heart, and mind. It will never be overlooked that, "the child is father to the man."

BILL-BOARD MEN IN "IT PAYS TO ADVERTISE."
W. Philbert, S. Mercer, H. Vours, V. Hill, L. O'Hagan.
